Dear Resident

**RE: Dedicated page for updates about Sugar Hill Close and Wordsworth Drive is now live**

In a recent update, we mentioned that our team was setting up a dedicated area on our website to share the latest news and updates about the redevelopment of Sugar Hill Close and Wordsworth Drive.

The web page is now available to view and reference as needed and incorporates the information we collected at the last resident drop-in session.

While we will regularly update the information throughout the project, the initial webpage includes plans for the site, copies of updates we have previously sent to you and your neighbours, contact information, and frequently asked questions (FAQs).

To access the web page, you will need to:

1. Either scan the QR code at the top of this letter. You can do this by opening the built-in camera app on your smartphone or tablet and pointing the camera at the code. A banner should then appear, which you'll need to click to open the web page.
2. Alternatively, you can type the following link into an internet browser:  
<https://sugarhill.lfha.co.uk/>
3. Once you have opened the web page, you can click the arrows located on the bottom right of the screen to view the different pages, or you can select from the pages listed in the contents on the welcome page.

If you have any questions or are having difficulty accessing the dedicated webpage, please do not hesitate to get in touch.

Yours sincerely,  
Dan Massey  
Development Officer

**Reminder:** If you would prefer to receive updates about this project by email, please let us know by contacting [hello@see-media.co.uk](mailto:hello@see-media.co.uk).
