

THE CORPORATE RESIDENCY PATHWAY: AT A GLANCE

BEFORE YOU START:

Recognizing that 70-80% of our students come from non-business undergraduate degrees, we offer a set of pre-program courses. Completing these self-paced courses will prepare you to get the most out of your MBA by ensuring you have an established set of base-level quantitative business skills. We offer a set of pre-program courses for admitted students.

JUN	YEAR ONE SUMMER Following MBA Orientation which takes place in the second week of June, the balance of the summer is spent completing four core courses. These provide students with a new appreciation for the world of business and give them the fundamental competencies essential for success in today's business world. As well, students benefit from professional development (PD) sessions designed to help prepare them for securing their Corporate Residencies.
